

**BİRLİKTE GÜÇLÜYÜZ  
WE ARE STRONG TOGETHER**

Our project is planned as a 5-month project in which peer acceptance is carried out by performing activities together with students with special needs and their peers. The aim of the project is to develop the art, sports, and social skills of the students and to ensure peer acceptance through the activities that students with special needs and their peers will perform together.

21 primary and post primary schools are involved in this project from a variety of countries. (See Map below. Click on Link)
